

Launching Place Primary School

2020 KINDER TO PREP TRANSITION PROGRAM

Launching Place Primary School is committed to welcoming all our new Prep students and their families to the school community. Beginning primary school is an exciting time. The right start to school helps children build positive relationships and to develop a strong sense of identity and belonging, both of which are important to their long term development, learning and wellbeing.

Transition sessions play a very important role in the steps from pre-school to primary school. We encourage you to bring your child along to as many sessions as possible. The aim is to help familiarise children with the school environment, the staff and other children who may be attending LPPS in 2021.

We invite you to book a tour of our school or please come along to our transition sessions.
